Crook County Middle School

Title 1 Annual Parent Meeting
2025-2026

Definition of Title 1

- Provides federal funding to schools to help students who are low achieving or at most risk of falling behind.
- Allocated to schools based on percentage of students receiving free/reduced lunch.
- Schools with a percentage of at least 40% are eligible for a schoolwide program (CCMS does qualify, but we are currently a targeted title 1)

Targeted Program:

CCMS has a targeted Title 1 program. This means that:

We can only serve students that are in currently behind or at risk of falling behind.

These students should be identified by social, economic, and academic need.

CCMS: We use teacher input, grades, state testing and i-ready testing to determine title 1 reading students.

We can, but do not yet currently, use these funds for math and after school tutoring as well.

To be a “targeted” school”

Targeted Assistance Programs: Schools with lower percentages of low-income students (usually between 35% and 40%) must use the funds to provide targeted, supplemental support ***strictly to the students who are failing or most at risk of failing.***

Our Goal is to become a “Schoolwide” Program

“Schoolwide Means”

- Use Title 1 funds to upgrade the entire educational program of the school
- Use Title 1 funds to serve all children in order to raise academic achievement
- Provide additional assistance to all students who experience difficulties in meeting

the State’s performance targets

To be a “Schoolwide” School:

- Must have free/reduced lunch count of at least 40%
- School must collect and analyze data that effects student achievement
- School must develop a comprehensive site plan and annually review the effectiveness of the plan

How are fund spent at CCMS:

Title 1 Funds at CCMS are spent:

- Teacher salary (I am not paid from district funds)
- I-ready curriculum licenses
