Club Descriptions

Cookie Club

Is your son or daughter interested in joining the Cookie Club?

Cookie Club is an after school club at CCMS where, each week students will work in small groups to make a batch of cookies. We will definitely incorporate the traditional Chocolate Chip cookies, Sugar cookies, Snickerdoodles, Peanut Butter Cookies, and No Bake Cookies, but we'll also branch out and make some not so traditional cookies too.

Please encourage your child to attend the informational meeting in Ms. Neuhaus' classroom (E-6) Wednesday, October 1, from 3:35-4:00pm.
Please note: SPACE IS LIMITED!

Sewing Club

Sewing Club will be a chance to learn how to sew and/or develop your sewing skills all in a fun, helpful environment. We will also be exploring crocheting. All levels of experience are welcome.

Dungeons and Dragons

Dungeons & Dragons is a tabletop role playing game where players construct and play as characters in fantastical settings. D&D has been around for over fifty years and has inspired countless players to use their imaginations to go on amazing quests. It is also a great way to meet people, collaborate, and be creative. No previous experience with D&D is necessary. Go on an adventure, roll some dice, and become a legend!

Drama Club

Welcome to CCMS Drama Club! We are so excited to be returning to the stage. CCMS is proud to welcome our actors and stage crew back to the stage for our first staging of readers' theater.

This year, in Drama Club, our Readers Theater program will give students the opportunity to explore a wide variety of literature while building confidence, expression, and teamwork skills. Readers Theater is a performance style where students bring stories, poems, and scripts to life through voice and expression—no memorization or big sets required.

26-27 Fall Clubs

We will read and perform selections from historical texts, science fiction stories, poetry, comedy sketches, and choral readings. Each genre will allow students to practice different performance skills, from capturing the emotion and rhythm of poetry to exploring imagination through science fiction, to working together in unison through choral reading.

Our goal is to help students grow as readers and performers, while having fun and sharing powerful stories with one another. By the end, students will gain stronger public speaking skills, a deeper appreciation for different types of literature, and the joy of performing as a team. ***To register, please see Ms. Modin.***

Art Club

Art Club is a place for practicing artists to hone their skills, develop their techniques and collaborate with other artists like themselves. Members get to experiment with different art disciplines such as ceramics, sculpture, drawing, painting and printmaking. Art club is open to all grades and skill levels. ***To register, please see Mrs. Snowden.***
